11-days expedition (auto-trekking),
Ukok plateau and Teleckoe Lake

Северо-чуйский хребет, вид из Курайской степи

Day 7 Descent via Chuiskiy valley to Kuraiskaya steppe. Great view to snow peaks of North-Chuiskiy ridge. Now we go to the east direction for visit one of the deepest lakes of the world-Teleckoe Lake. In Aktash village we turn to Red Gates Way where will find beautiful highland lakes and after Balykтуul village we'll make 40 km off-road trip through the Paziric valley to the Katu-Yaryc Pass. Descended from the Pass, we find ourselves in the magic Wind Land – the valley of Chulyshman River - a big canyon with more than 130 km length. This is the homeland of the wind Phoen – the warm strong wind which creates unimaginable landscape and unique climate of this region. Accommodation in tents.

Duration of the passages is 7-8 hours, 120 km.

Katu-Yaryc Pass and Chulyshman River

Day 8 Today we will have whole day hiking to the Chulchinskiy waterfall, also known as the waterfall Uchar. The waterfall is a huge cascade of powerful streams of water. Its height above 160 meters. The path to the waterfall is about 8km one way, but it's worth it. Return to the camp, dinner, and wet Russian sauna.
